

# E-Z Flyer

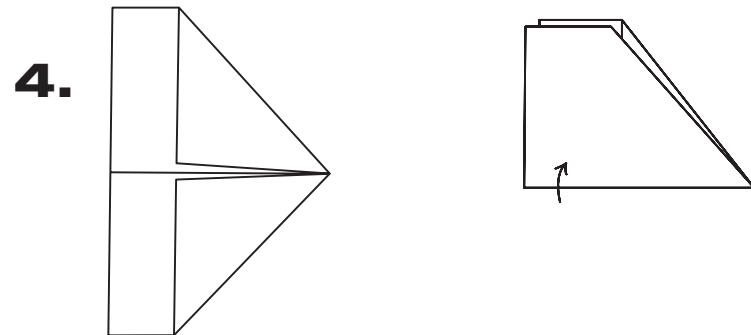

Use the paper the long way. Fold over the top edge about 3/4 of an inch.

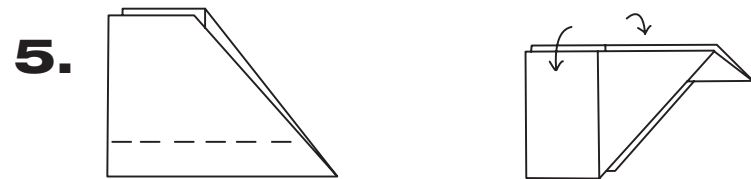

Fold the paper in half.

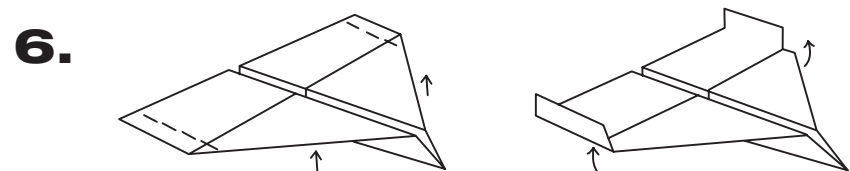

Open the paper flat again. Fold down the corners to the center crease.

Turn the plane around like this. Now fold it in half.

Follow the dotted line to fold down the wings.

Bring the wings up into flying position. Fold up the wing tips. Now wasn't that E-Z?
